Dear Mr. Lederberg:

I read with great interest your article on "Chromosomes and Crime". I am doing a great deal of work in this area especially in regard to crime and mental deficiency. I would appreciate it greatly if you would send me the references for the studies you mentioned in your article. During March 1967 I am chairing a workshop at the American Ortho-Psychiatric Convention which will be held in Washington, D. C. and I would like to include these findings in the workshop's deliberation. ✓

Thank you very much for your cooperation in this matter.

Very sincerely yours,

Erwin Friedman
